16 On January 16, 2013, Defendants in this pro se prisoner civil
17 rights case filed a Notice of Settlement. The Notice indicates that
18 the parties have reached a settlement of all claims and that the
19 written settlement agreement contains the following provisions:
20 (1) Plaintiff has signed a stipulation for a voluntary dismissal
21 with prejudice of the entire action, which Defendants may file when
22 they perform their obligations under the agreement; and (2) on
23 behalf of Defendants, the California Department of Corrections and
24 Rehabilitation shall provide Plaintiff with a television set from
25 its surplus and, within 180 days, shall pay Plaintiff a specified
26 sum of money. The parties request that the case remain open until
27 Defendants file the stipulation for voluntary dismissal and that all
28 scheduled matters be vacated.

1 The Court grants the parties' request to vacate all scheduled
2 pending matters which include: (1) Defendants' motion to dismiss and
3 for summary judgment (docket #73); (2) Plaintiff's cross-motion for
4 summary judgment (docket #79); (3) Plaintiff's motion to strike
5 (docket #80); and (4) Defendants' motion to stay discovery (docket
6 #84). The Clerk shall vacate the dates on which responses are
7 scheduled to be filed in these motions.

8 If, within six months from the date of this Order, Defendants
9 have not filed the stipulation for voluntary dismissal, they shall
